

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: NEVADA

METHODOLOGIES FOR TREATMENT OF INCOME AND RESOURCES
THAT DIFFER FROM THOSE OF THE SSI PROGRAM

Moratorium Policies Under 2372(c) of Deficit Reduction Act

1. Nevada does not count interest received from bank accounts as income when determining eligibility. (42 CFR Part 435.211, 435.231 and 435.217)

To ensure FFP is not exceeded, Nevada allows a disregard of interest income not to exceed the difference between the state's net income level and the FFP cap.

2. Nevada allows a property exclusion when the property is for sale at market value and no offers to purchase have been received (the property must remain for sale while the client receives assistance), OR the property has been sold and escrow has not been completed. Good faith efforts to sell must be made by or on behalf of the client in order for property to qualify under this exclusion. These efforts must also be made on an ongoing basis in order for the exclusion to remain in effect. (42 CFR Part 435.211, 435.231 and 435.217)

NOTE: Policy protected under the DEFRA moratorium for the period July 1, 1988 until February 28, 1989.
